

## HELP OPEN THE DOORS!

More and more people are in danger of losing their pet because of short-term crisis.

With the need growing, Ruff Haven is rising to meet that need.

And that means more space!

We've secured a new facility to serve as our home, doubling our space to shelter more animals, expand veterinary services, and strengthen the support we provide to individuals experiencing temporary crisis.

Our new facility will allow us to:

- **Double our capacity** for cats
- Expand urgent and preventative veterinary care with an **on-site clinic** in partnership with Wasatch Community Clinic
- Host vaccine clinics, pet food pantries, and outreach events with a more **personalized touch**
- Provide safe, comfortable space for owned animals in times of crisis, which **includes a family visiting room**
- **Keep more pets with their people**

**Now we need your help to finish the job.**

# Sponsor a Space in Our New Home

Sponsoring a space is a meaningful way to honor a loved one (two- or four-legged), showcase your business, or stand with those who have no one else to care for their pet.

## Pillar Spaces - Leave a Big Impact

### Lobby

\$10,000
